DECLARATION OF ANNE M. MICCO

I, Anne M. Micco, declare as follows:

1. I have been employed by Fish & Richardson P.C. since February 23, 1998. During the time in question I was the Docketing Administrator in the Patent Services Department.
2. When mail is received by Fish & Richardson P.C. from the U.S. Patent and Trademark Office ("PTO"), the mail is entered and docketed into the Fish & Richardson P.C. computerized docketing system and entered into a manual log of all PTO mail received to date. It is then sent to the attorney in charge of the case for entry into the file.
3. According to our docket system the case identified as U.S.S.N. 09/749,215 filed December 27, 2000 corresponds to client/matter number 10559-367001.
4. I have checked our computerized docketing system and found that the Non-Final Office Action dated March 16, 2005 correspondence concerning the above-captioned case was not entered or docketed.

CERTIFICATE OF MAILING BY FIRST CLASS MAIL

I hereby certify under 37 CFR §1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated below and is addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Date of Deposit June 27, 2006

5. I have checked our manual log (Exhibit A) for the period of time from March 1, 2005 through March 31, 2005 and there is no record of ever receiving the March 16, 2005 PTO correspondence.

6. I have checked copies of our docket printout (Exhibit B) showing docketing deadlines occurring on June 16, 2005, the due date. Each entry in Exhibit B identifies the docketed date; the Fish & Richardson reference number; the U.S. Serial Number; a description of the action; and a description of the type of deadline. For application U.S.S.N. 09/749,215, if we had received a Non-Final Office Action dated March 16, 2005 I would have expected to find a docketed due date of June 16, 2005 for "RESPONSE TO OA". I did not find such docket entries in Exhibit B.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,

Date: June 23, 2006

Anne M. Micco
